Subject **Student Feedback on Course Experiences (formerly CourseEvalUM) Surveys Now Open – Please Review Response Rate(s) for Your Course(s)**

Dear Ross Salawitch,

The survey period for one or more of the courses you are teaching is now open. You can help improve response rates and the quality of feedback you receive by expressing interest to your students in their feedback, such as offering an example of how you've used results to improve your course. You can also offer class time to have students complete their surveys on a computer or mobile device. Students will receive emails announcing that the surveys are open, with instructions about how to access their surveys.

Live, on-demand access to response rates for sections you teach is available within Course Experiences! Just log in to Course Experiences using the link below, and go to your Dashboard and click View Response Rate Monitor.

Log in to Student Feedback on Course Experiences: <https://CourseExp.umd.edu>

Student Feedback on Course Experiences Help Center (VPN required): <https://confluence.umd.edu/display/courseexperiences/>

Surveys Currently Open	Survey Start Date	Deadline
